

# Pleasant Grove Department

## City Marshal For Pleasant Grove

W. R. Frampton Tenders Resignation and Council Appoints Eli Pierce.

The semi-monthly meeting of the Council convened Monday the 22nd, and gave attention to the following:

A resolution fixing remuneration of the firemen was adopted. Chairman on Claims stated that practically all of the pavement contracts agree to meet past dues within one month.

The Recorder was instructed to call the attention of the Salt Lake and Utah railroad to the dangerous condition of the two road crossings near Mr. John Greens property, and to urge that same be given immediate consideration; and to request the Mountain States Telephone and Telegraph company to remove their poles from the center of the streets.

W. R. Frampton was released from his position as City Marshal, and Mr. Eli Pierce was appointed to succeed him, both to take effect October 1, 1914. The above action of the Council was confirmed by vote of the Council.

Mr. Frampton states that he was willing to continue as City Marshal at the salary offered and do the work required by the City Council.

Mr. Pierce has had experience as City Marshal in Mercur, where he made a most excellent record.

A special meeting of the City Council was held Wednesday evening, at which Jos. R. Murdoch of the Utah Lake Irrigation Company and Caleb Hamner, the company's engineer, were present. It appears that the company cannot perfect its title to certain water appropriated from Utah Lake for sections 7 and 8, near Lehi, because of the prior appropriation by the American Fork and Pleasant Grove for canyon water for the same land. The matter was referred to the City Attorney, but as the appropriations have no conflict in reality, the Council will probably grant the request of the new company and withdraw this part of the appropriation.

Collecting Fruit for State Fair

O. J. Poulson and Jos. H. Showell, county fruit tree inspector and deputy, respectively, were this week making collections of fruit in Pleasant Grove, to assist in making a Utah county exhibit at the State Fair. They will also get fruit from other parts of the county, and expect to win the state prize again this fall for having the best county exhibit there.

HOME COMING MEETING FOR RETURNED MISSIONARIES

The home coming meeting in the Tabernacle last Sunday evening in honor of Gunnar Rasmussen and Jens Nielsen was largely attended and a most successful affair. The two returned missionaries gave brief reports on their labors. Bishop P. L. Swenson gave a short talk. Elroy West gave a reading. Little Miss Wright gave a recitation. Miss Lillie Monson gave a piano selection and Jennie Fago and Flossie Wright gave a duet.

FAST DAY TOMORROW

Owing to the first Sunday in October coming on General Conference Day, all the wards will observe fast day tomorrow.

Hereafter meetings will be held every Sunday evening in the Tabernacle, commencing at 7:30 p. m. Different organizations will have charge of different days.

Will Organize Betterment League

The Parents' Classes of the three wards of Pleasant Grove will meet together in the basement of the new Tabernacle tomorrow morning to hear the report of the committees. First on Lighting Pioneer Grove, second on public reading room and to organize a Betterment League. Prof. Boyle of the B. Y. U. of Provo, will be in attendance and deliver an address.

WRITES FROM WAR ZONE

A recent letter from J. D. Thorne says that the people in England, where he is laboring as a missionary, are very much worked up over the war. He is near London, on the coast of which the Germans recently sank three English war ships. He says that wrecks of disabled ships are continually coming in and that people do not hear of all the vessels that are sunk by the enemy.

Recently two missionaries were

sent to labor in his conference, who had been in the Belgium troubles. One of them had experienced the sensation of having bombs exploded back of the house in which he was living at Leige. The other witnessed the war scenes in Brussels, and both got out of the country with nothing but the clothes they were wearing.

## Jeppa Nielson

### Answers Summons

Leading Farmer and Most Worthy Citizen Dies at Advanced Age of 80 Years.

Jeppa Nielson, one of Pleasant Grove's leading citizens, died Wednesday morning, heart failure probably being the cause of death, though he has been suffering from a complication of troubles for the past year. All of the family, excepting his daughter, Mrs. D. H. Robinson of Mantle, were at his bedside when the old came.

Mr. Nielson was born in Skana, Sweden, October 28, 1824. He joined the Mormon Church in his native land April 5, 1871. He emigrated to Utah two years later, arriving in Salt Lake City on Pioneer Day, 1873. The following day he came on to Pleasant Grove. Most of his life here has been spent in Manila, where his farm was located, and where he has always taken a leading part in public affairs. About two years ago he moved to Pleasant Grove.

He was one of the most successful farmers in the locality, having also been a farmer before coming to America. With Milan Attwood and John Beck he formed the building committee of the Manila Ward Meeting House and also was one of the largest contributors towards its erection. Giving freely to church affairs was one of his chief characteristics. After helping to build the Manila ward house, he accepted a second mission to his native land at the age of seventy, and then on his return contributed towards paying off the final debt.

His first mission back to Sweden was in 1882, and the second was in 1904. He baptized 46 souls on the two missions, 33 on the first and 13 on the second one. He was a devout Latter Day Saint and a forceful speaker both by example and by precept.

He is survived by his widow, one son, Sven J. Nielson of Pleasant Grove, and three daughters, Mrs. L. L. Nelson of Provo, Mrs. D. H. Robinson of Mantle and Mrs. Joseph W. Thorne of Pleasant Grove. The late Mrs. N. K. Nielson of Springville who died three months ago, was also a daughter. He also leaves twenty-two grandchildren.

The funeral services will be held tomorrow at 3 o'clock p. m., and no doubt will be largely attended.

## War in Manila Ended

The war in Manila has ended. What promised to be a great battle involving the use of a lot of money and the sacrifice of much friendship has been settled by the school patrons getting what they demanded. Another teacher has been added to the Manila school and all the grades, including the seventh and eighth, are receiving instructions there.

The peoples' committee had come down town Saturday to take the car to Salt Lake City, where they were going to appeal from the County Superintendent to the State Superintendent, when they were met by Supt. Creer, who recommended that another teacher be added. As this was just what the committee wanted, a peace pact was signed at once.

The teachers at Manila now are Burton Smith, Leona West and Belle Olpin. The trouble is all settled and peace reigns supreme.

The registration of Manila last year shows an enrollment of 73, as compared with 77 this year. Lundon registration last year was 215, as compared with 227 this. Pleasant Grove last year had 504 enrolled, as compared with 470 now.

### HER AIM WAS POOR

The story is told of a young lady who is packing fruit at one of the packing houses, that a conductor on a passing car signified a desire for one of the big red apples which she was wrapping for shipment. Being of a generous heart, like most Pleasant Grove young ladies, she threw a big Jonathan at him, and her aim being like some young ladies in a near by town, she missed the conductor and smashed a car window.

Next day the young lady received a bill for \$3 from the railroad company, which it is said she may send to the aforesaid named conductor.

## Money In Onions

Wm. M. Roylance, the fruit shipper, also has great faith in Utah's ability in surpassing the rest of the world in its quality of vegetables. He has about ten or fifteen acres of celery, west of town, which will soon be ready for market, and as many more acres of onions, all of which will be shipped away in car load lots.

He has six acres of onions on the Thomas Gleason farm on the State road, which are just now being harvested. The six acres will yield over 1,500 sacks of 125 pounds each, and are worth \$1.25 per sack. This makes the six acre crop worth \$1,875. Besides this Mr. Roylance has growing on the same farm, three acres of parsnips and a half acre of table beets, and on the entire tract he has expended up to date less than \$600 for hired help, seed and rent of ground.

The ground on which the onions were grown was plowed deep last fall. It was given a good coat of manure early this spring, and then double disked. It was harrowed several times thoroughly, pulverized and leveled till the tract looked like a garden. The seed was planted 20 to the foot in rows 12 inches apart, the work being done with a hand drill. About half of the seeds came up, so that no hand thinning was necessary. The field was cultivated three times during the summer with hand cultivators, six boys being kept in the patch most of the time. As the water is but two feet from the surface, irrigation was needed but once, and then a furrow was made every tenth row, the balance being subbed.

The experiment shows what can be done with the lower lands of Pleasant Grove, if they are used for garden purposes for which they are ideally adapted.

These snappy cold nights makes us think of warm underwear. The Munsing Wear is the best. Sold at Chipman Merc. Co. 26-11

## PLEASANT GROVE HIGH SCHOOL NOTES

The first student body meeting of the year was held Tuesday afternoon. Plans were made and committees appointed to arrange for a get acquainted party.

The Junior class has already held its first meeting and elected officers. The following were installed: Ray Olpin President, Lola Robison Vice President, Grace Richins Secretary and Treasurer, Joe Olpin dramatic manager, Paul Walker Athletic Manager, Bryan West class Editor.

A fine new collection of books is on its way, which will be presented by the Junior class to the Pleasant Grove High School. The books were earned by the dramatic efforts of the class in their work last year. A year book is also a feature of their plans and will be the first in the history of the Pleasant Grove High School.

The Seniors have held their class meeting and have laid some very interesting plans for the year. Some of them will be disclosed within the coming week.

Saturday the Juniors entertained the Freshmen girls on a hike to Gros Creek canyon. Armed with baskets and hampers the happy party climbed the hills as far as the "Falls." A noon very bounteous lunch was cooked and served, accompanied by much hilarity. After an enjoyable and long to be remembered day, all returned home late in the evening. They were accompanied by Miss Lee and Miss Thurman.

The Sophomore girls are issuing invitations for a drive to American Fork canyon. The affair is in honor of the Senior girls, and if the plans do not miscarry, next Saturday, October 3rd, will find a gay party off for the day.

There are three new members in the faculty this year. Mr. Baird is mathematics and science, Mr. Miller in history and commercial branches and Mrs. Monson in domestic art and science.

A large number of the students are sending specimens of their summer's work to the M. I. A. Fair in American Fork. Flowers, needlework, fruit canning, candy, etc., are all on exhibition as the work of students.

A general teacher's meeting was held by the High School and Grade teachers on Wednesday evening. Matters pertaining to the coming Institute, the Lyceum Course and other matters of school interest were discussed.

The enrollment in the High School is the largest in its history. The building is overtaxed for room to accommodate those who are coming. A very successful year seems in store.

## NOTICE

On account of the cattle there will be no hunting allowed on the Gillis and Holman sloughs, unless the parties wishing to hunt there, will go to the owners or renters and pay \$1.00 per day. 22-21

Joe Gillis, Ross Bunnel.

Mr. and Mrs. John Conway spent Monday in Salt Lake City.

W. R. Kinney made a trip to Salt Lake Tuesday.

She will also call on Mr. Bangasser, the chief clerk of the railway mail service, and endeavor to get a better mail service for Pleasant Grove. The trip will also include an auto ride to Ogden canyon.

Mrs. L. L. Nelson of Provo, was in Pleasant Grove several days this week.

Mrs. D. H. Robinson of Mt. Pleasant arrived here yesterday because of the death of her father.

The School Board has called a meeting of all the tax payers to meet in the Central school building on Friday, October 9th, to determine whether the district shall purchase additional ground for school purposes.

## AMERICAN FORK NEWS

### THEO. NICHOLAS GETS MAXIMUM FINE

Theodore Nicholas, who was convicted Wednesday of conducting a nuisance, was sentenced by Judge Adolph Nielsen yesterday, to serve 179 days in jail and to pay a fine of \$275. This is within one day of the maximum jail sentence and within a few dollars of the fine permitted by law.

Mr. Nicholas filed notice of appeal and is out on bonds to appear when his case will come before the District Court. If beaten there he will appeal to the Supreme Court. This is the first case of a liquor nuisance tried under a city ordinance and its validity will probably have to be settled by the highest court in the state.

### \$50.00 ELECTION BET

It is reported on good authority that a wager of \$50 was posted this week in one of the banks of American Fork, on the election of Henry East for sheriff. A prominent opponent of the policies of Mr. East, wagered against his election, while it is said that a deputy from Provo, risked \$50 on his chief winning out. Undoubtedly, the most vigorous fight of the campaign will be made for and against the sheriff, because of his vigorous work in certain prosecutions.

### "OREM" THE NEW TOWN

A new town, to be known as Orem, has been located on Provo Bench, and the plat officially filed with the County Recorder. It is located between the county road and the Interurban line. The streets are being graded and sidewalks laid out. Its promoters predict that it will become one of the leading towns of the county. An excursion will be run to the new town next Friday and Saturday, when people from all over the state will be present, and when an auction sale of lots will take place. We have a half page ad telling all about it.

F. L. Hickman is the local selling agent.

If you want The Review—your home paper—to do your job work, call Alpine Pub. Co., Phone 85.

### American Fork a Good Town

American Fork is a mighty good town, worthy of the best of everything. That's why we have joined the American Drug and Press Association and offer to our people the Meritol line of preparation, made by the Association and sold only through its members. There is nothing like these goods, guaranteed in every way. We want American Fork people to have the best there is, so we offer you this line. Ask to see Meritol goods. F. M. Brown, American Fork, Utah, local agent.
